

Leonie Färber @ UiO paper:
“Combining economic and genetic data to evaluate the effect of climate and demographic structure on spawning distribution in Atlantic cod”

<https://doi.org/10.1111/gcb.14474>

A remote meeting with MARmaED SAB was held on October 30th to report the last core-meeting and get feedback and advice from the SAB.

Registrations for the next MARmaED annual meeting and symposium and ESRs workshop on June 2019, Mallorca (Spain) have been done. Guests are being invited.
